

Rorc-Flox

系統名	C57BL/6Smoc- <i>Rorc</i> ^{em1(flox)Smoc}
SMOC番号	NM-CKO-200215
維持形態	Sperm cryopreservation

遺伝子の概要

Gene Symbol Rorc	Synonyms	TOR; Thor; Nr1f3; RORgamma
	NCBI ID	19885
	MGI ID	104856
	Ensembl ID	ENSMUSG00000028150
	Human Ortholog	RORC

説明

These mice carry loxP sites flanking exon 3-6 of *Rorc* gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of *Rorc* gene.

応用分野: Study on the correlation between Th1 differentiation pathway and circadian rhythm related genes

*Literature published using this strain should indicate: Rorc-Flox mice (Cat. NO. NM-CKO-200215) were purchased from Shanghai Model Organisms Center, Inc..
